

MOUNTING INSTRUCTIONS

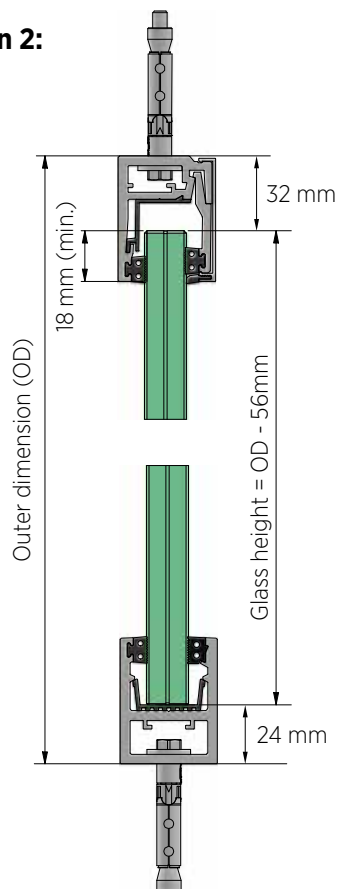

## Calculation for Glass panels

**Option 1:**

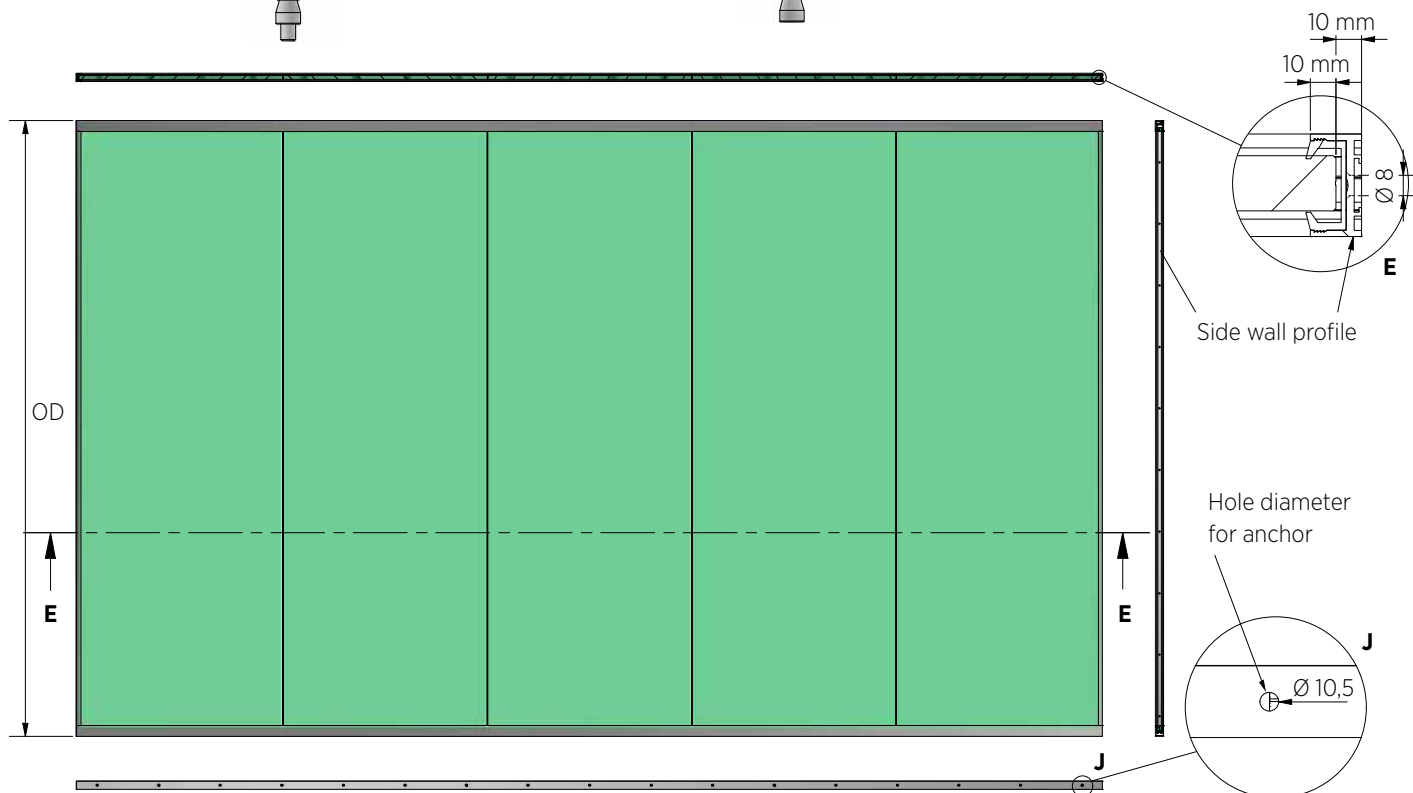

**Option 2:**

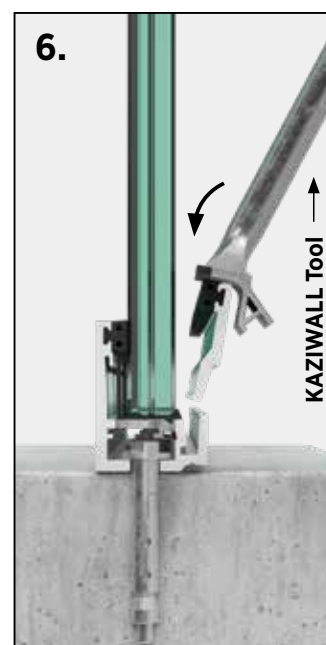

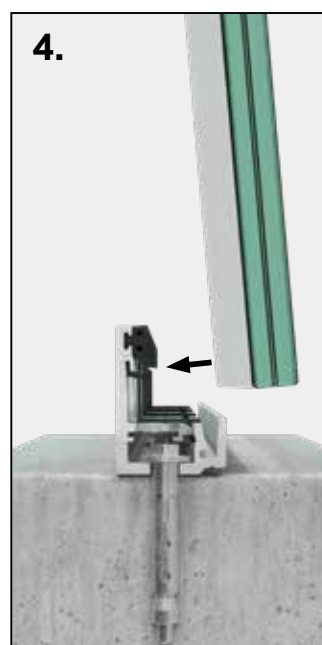

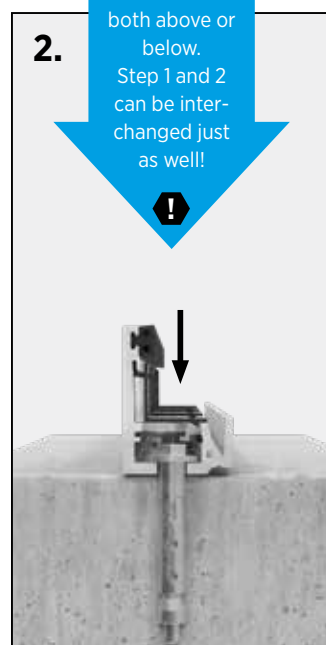

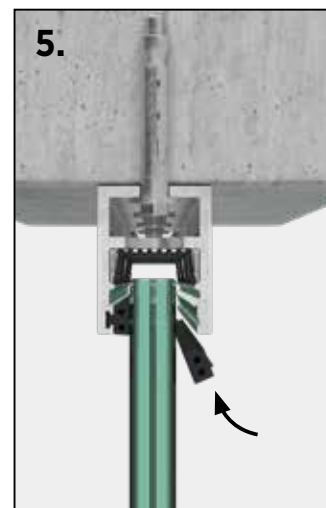

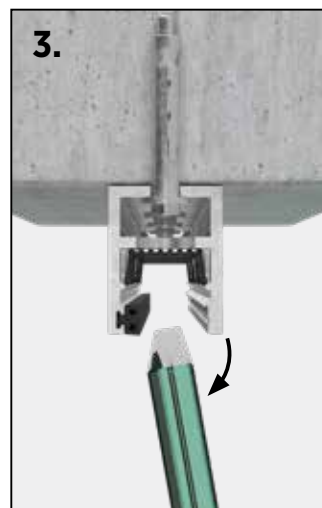

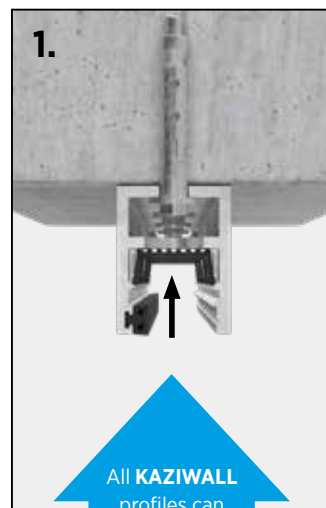

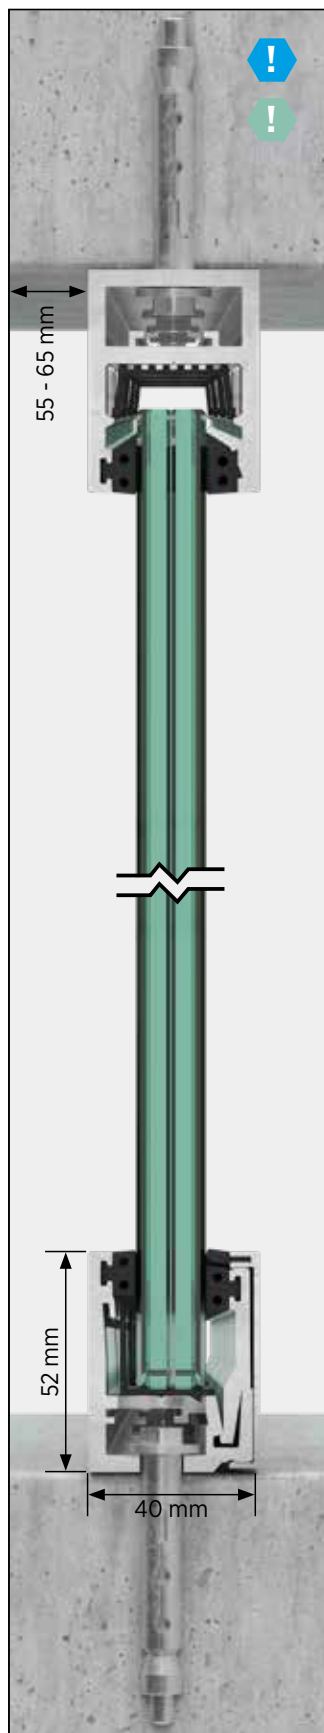

Outer dimension OD  
(max. floor to ceiling height) = 3000 mm

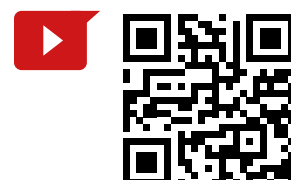

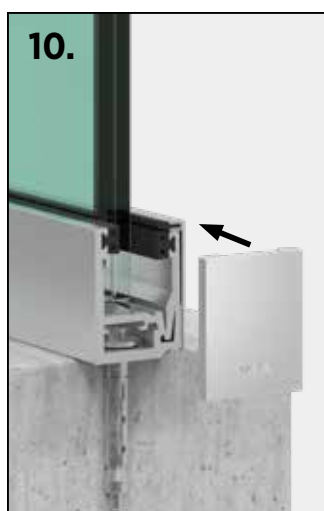

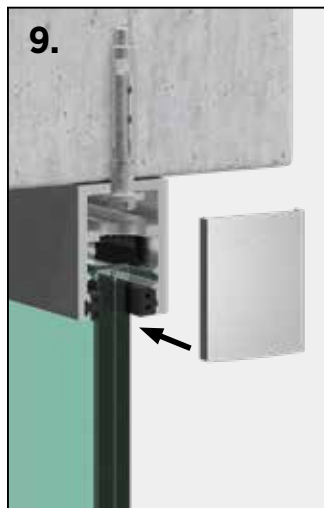

Standard glass width  $\geq 1000$  mm.  
Customized glass width also possible.

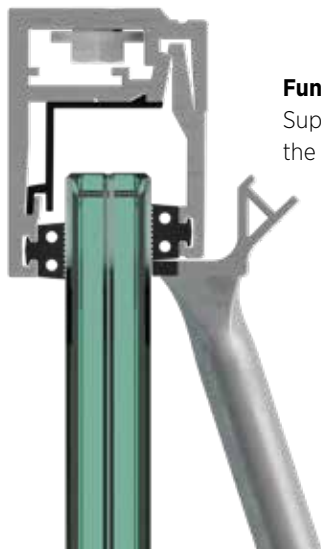

- No. of Anchors for **5m length top/bottom profiles: 17**
- No. of Anchors for **2.5m length top/bottom profiles: 8**
- No. of Anchors for **3m length side wall profile: 10**

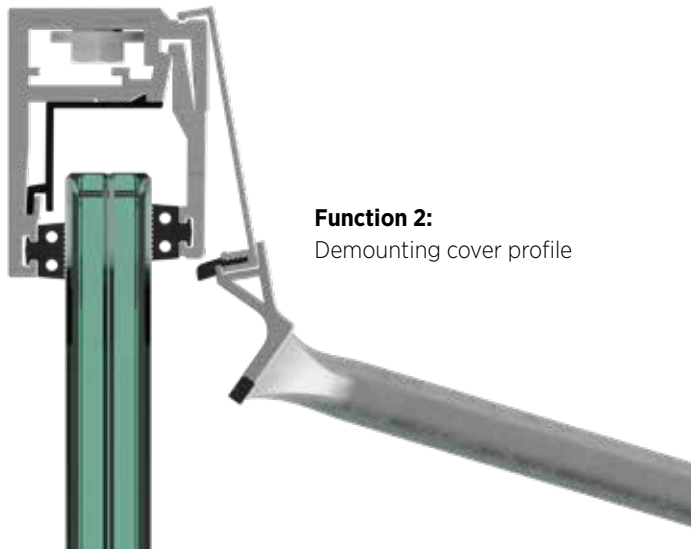

- ❗ For maximum height and other specifications, please pay attention to the structural analysis! All specifications depend on the respective installation situation.
- ⚠ Please note the mounting instructions and the specifications of the anchors used.
- ❗ For using the glass suspension strip for door openings, the 2-piece profile has to be placed on the ceiling.
