GUARDIAN OF THE UNIVERSE

A strong and secured fall protection balcony system for your home

Guardian of the Universe

Our Railings are a range of innovative railing systems designed to be fully modular. The pre-assembled aluminium posts have a stunning satin anodised finish and are available in square profiles ready to install.

Fully engineered to meet the requirements of most applications, the systems can be installed with or without a top rail to provide an economical solution for a post and glass panel design. Each system can be fully fitted using basic equipment.
